communications, password controls, access controls, reputable service providers, and secure payment processing methods. No internet system is completely risk-free, and users must exercise caution when sharing information online.

6.4 Client Responsibilities

Clients must protect their passwords, devices, accounts, payment credentials, email accounts, and communication channels. Any suspicious instruction, altered banking detail, unauthorised access, or suspected fraud must be reported immediately.

6.5 Incident Response

The Company may investigate suspected security incidents, suspend affected accounts or transactions, notify affected parties where required, engage service providers or advisers, and take corrective actions to reduce recurrence.
